

the skinny on FORCE MULTIPLIER

Y O U X M E = D E M O C R A C Y

Who is Force Multiplier? A self-funded, entirely volunteer group that raises funds for Democratic candidates for the House + Senate + for voter empowerment groups that ensure people **CAN + DO VOTE**. We advise donors about where their donations can have the greatest impact. We seek to create a federal government aligned with democratic values + committed to building a just, sustainable + inclusive society.

We invite you to fundraising events to meet candidates + activists + national thought leaders!

Our events are interactive + give you access to people who are in the forefront of politics.

We do the research so you don't have to!

We do in-depth research to provide you with easy, effective, ways to have an impact. We monitor the changing political landscape + modify our recommendations regularly to ensure that your dollars are invested wisely. Our selections are based on data + research, not issues + personalities.

We don't touch a dime of your donations!

100% of your donation goes directly to candidates or voter empowerment groups. You choose where to invest + donate through ActBlue, a non-profit fundraising platform for Democratic candidates + progressive causes.

We never share your information!

Force Multiplier is doing its part to reduce email overload. We promise never to share or sell your information. ActBlue gives you the option to share your contact information with candidates or groups or to opt out. You decide.

THREE THINGS YOU SHOULD KNOW ABOUT FM

People talking to people

All of us have networks of friends, family, neighbors + colleagues who share our values. These trusted networks make our work possible. Your friends hear that YOU trust Force Multiplier, so they **Investigate + Donate + Get Involved**.

Through simple networking we have grown from 12 people in Boston to over 16,000 in all 50 states + raising over \$23 million.

No long shots or sure bets

Our candidates are **neither long shots nor sure bets**, but all have a plausible chance of winning if they receive adequate resources. We base our decisions on **Research + Data + Do not have an issues litmus test**. We consider these key factors: **Voting Trends + Ratings + Finances + Political Landscape**.

If a race is no longer in "the sweet spot" we remove it from our slate + look for others who need our support.

CAN + DO VOTE action

Supporting great candidates is not enough! We find the most effective grassroots, on-the-ground groups working year-round to **Educate + Mobilize + Empower Voters**.

CAN VOTE groups: fight voter suppression + gerrymandering + other voting barriers.

DO VOTE groups: build + turn out multi-racial, multi-ethnic, multi-generational statewide coalitions of voters in battleground states.

Our story...and we're sticking to it!

After the 2016 election, a bunch of us in the Massachusetts blue bubble decided to focus on House races in states where candidates needed resources to challenge Republican incumbents. Our focus was on flippable seats where Republican incumbents were vulnerable to strong, well-organized challengers. We raised **almost \$700,000 in 2018** for 15 candidates + 13 of them won, most by tiny margins.

In 2020 turning Washington Blue was our mantra. We **raised \$6.3M**. That year we helped elect 11 House + 3 Senate candidates + supported groups that turned out the vote + helped flip 5 states for VP Kamala Harris. Pivoting to Zoom during the pandemic enabled us to expand to a **national community of 11,000 people**.

In the 2022 Midterm election we helped break history. We **raised \$8M** to help Democrats expand their Senate majority + keep losses in the House to historic lows. We supported voter empowerment groups that **registered 88,000 voters + contacted millions more to increase Democratic turnout in the general election + the Georgia runoffs**.

Our values are at stake. MAGA Republicans have CAPTURED the Republican party. The historic successes of the Harris agenda + threats of MAGA give voters a clear choice. Abortion rights, gun safety, climate change, voting rights, the rule of law + our democracy are all on the ballot in 2024. **We must stay focused. We must come together + win!**

What's next?

The hard facts + opportunities of 2024

- **Democrats CAN reclaim the House majority.** All 435 seats are on the ballot in 2024. We need to protect the ones we have + pick up 5 more to win the majority. We have some good opportunities, including the 18 seats held by Republicans in districts that Biden won in 2020.
- **Our majority in the Senate is VULNERABLE.** Democrats have a RAZOR THIN 51-49 majority. 34 Senate seats will be on the ballot, 23 of them held by Democrats. The 11 Republican seats are currently rated Likely or Solid Republican, whereas 7 of the Democrat's seats are Toss UP or Lean D. **We need to defend them all.**
- **If our voters turn out, we CAN elect Kamala Harris.** A surge of 25million voters turned out in the last three cycles to oppose the MAGA agenda + helped Democrats win almost every significant federal race.

If they turn out again, we will win again in 2024.
